### How this policy works

Your policy is made up of several sections.

#### Who is insured

The **policyholder** and the **policyholder's** family members ordinarily residing together at the **home address** stated in the **schedule** are insured. The **policyholder** represents the family members and anything the **policyholder** says, does or omits to advise to **us** of, applies to and affects the rights of all insured family members.

### What does your policy cover?

Your policy provides you with the following covers:

- Cyber Event Cover
- Cyber Bullying Cover
- Cyberstalking Cover
- Identity Theft Cover
- Personal Crime Cover
- Reputation Cover
- Wage Replacement Benefit

A cyber event, identity theft, cyber theft, sim-jacking or cryptojacking must first be discovered by you during the policy period.

**Cyber bullying, cyberstalking, cyber harassment** or a **harmful publication** must first happen during the **policy period**.

Please refer to the **policy** for an explanation of each of these covers.

Different amounts or benefits are payable under each cover. The maximum amounts payable under each cover are set out in the **schedule** unless set out in the **policy**. **You** should read each cover carefully so **you** understand what is payable under each cover.

### **Limits**

There is a **limit** or sublimit for the amount **we** pay under each cover. There is an **aggregate limit** payable by **us** in any one **policy period**. The **limit**, sublimit and **aggregate limit** are stated on **your schedule**. Some benefits, costs or covers may be subject to a sublimit per claim and/or a maximum amount payable for all claims. Read the **policy** in its entirety to understand the applicable mechanics.

#### Excess

The **excess** is the amount **you** must contribute towards the cost of any claim **you** make.

The excess payable is set out in the schedule.

#### Words with special meaning

Some words and expressions used in the **policy** have special meanings. These words are always in bold. The meaning of words and expressions in bold are explained under the heading "what certain words mean".

#### **Exclusions**

Under the heading "Exclusions" **we** set out what is not covered under the **policy**. Please read the exclusions carefully.

#### **Claims Conditions**

Explains what **you** must do if **you** discover a **cyber event** or believe **you** have a claim under this **policy**.

#### **General Conditions**

These are conditions you must comply with under the policy.

For example, **you** must take reasonable steps to prevent and mitigate costs covered under this **policy**. These include, but are not limited to:

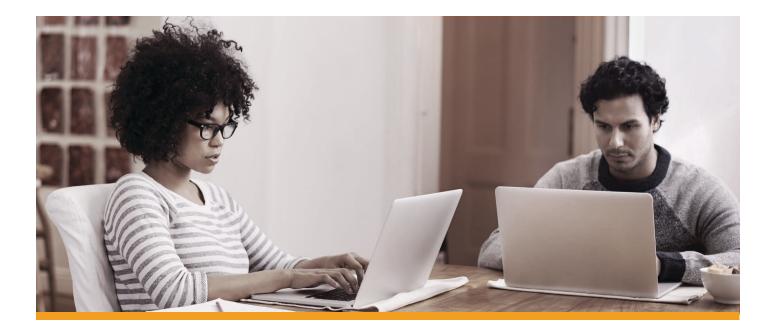

- **a.** changing the password on any **home IT** from a default or original password; and
- **b.** activating and maintaining a virus-protection software package which is licensed to **you** or paid for by **you**.

Failure to comply with the General Conditions may entitle **us** to deny or reduce **your** claim. Please familiarise yourself with these conditions so **you** are aware of **your** responsibilities and how the **policy** works.

# The cost of your policy

The amount that **we** charge **you** for this **policy** when **you** first acquire it and when **you** renew **your policy** is called the **premium**. The **premium** is the total that **we** calculate when considering the factors which make up the risk.

Depending on the frequency and cost of claims the **premium** on renewal of the **policy** may be different to the **premium** for this **policy**.

The **premium** is subject to government taxes, levies and duties such as GST and Stamp Duty. Emergence may also charge a policy fee in addition to the **premium**.

The total cost of **your policy** is shown on the **schedule** and is made up of **your premium** plus government taxes, levies and duties (where applicable) and a policy fee (if applicable).

## **Renewal procedure**

Before this **policy** expires, **we** will advise **you** whether **we** intend to offer **you** a renewal and if so, on what terms. The **policy** will also apply for any offer of renewal **we** make, unless **we** tell **you** otherwise or issue **you** with a new and updated **policy**. It is important to check the terms of any renewal before renewing it to ensure that the details are correct.

If the renewal is automatic, **we** will debit **your** credit card 7 days before the renewal date.

# Your 'cooling off' rights

You can return your policy to us within 14 days of its commencement or renewal, which is stated on the schedule. If we receive your request to cancel this policy within the 14 day period, we will cancel the policy effective from the commencement or renewal date and give you a full refund. You cannot use this right where, before the 14 day period ends, you have exercised any of your rights or powers under the policy (e.g. you have made a claim).

After the cooling off period ends **you** still have cancellation rights under the **policy** [see **our** General Conditions].
