## Disclosure and Accuracy of Information

Your application for, or renewal of, insurance cover will be treated as if you are applying for, or renewing, a 'consumer insurance contract'. Before entering into, or renewing, this contract, you have a legal duty to take reasonable care not to make a misrepresentation to the insurer under the Insurance Contracts Act 1984 (Cth). It is very important that you comply with your duty, as this may impact on your insurance cover.

A misrepresentation is an answer or statement that is not true, only partially true, or does not fairly reflect the truth.

When you apply for, or renew, this insurance, we may ask you clear and specific questions that are relevant to our decision to insure you. Your answers in response to our questions are important as we use them to determine whether we can provide insurance cover to you, and if so, the terms of the policy and the premium we will charge. This means that when answering our questions, you should respond fully, honestly and accurately.

On renewal, we may give you a copy of anything you have previously told us and ask you to tell us if it has changed. If we do this, you must tell us about any change or tell us that there is no change. If you do not tell us about a change to something you have previously told us, we will understand this to mean that there are no changes.

The duty to take reasonable care not to make a misrepresentation applies anytime you answer our questions as a part of an initial insurance application, when extending or making changes to an existing insurance, and reinstating any previous contract of insurance.

We may later investigate the answers you provide to us, for example, when a claim is made.

### Guidance for answering our questions

Important: please ensure that you take care when providing your answers in response to our questions in relation to your insurance application. You should respond fully, honestly and accurately. If you do not, it may affect your insurance cover.

When answering our questions, please:

- Think carefully about your responses. If you do not understand the question or require further explanation, please ask us before responding;
- Make sure your responses are truthful, accurate and complete answers to every question that we ask you;
- Provide us with all relevant information in response to our questions. If you are unsure what information to include, please include it or check with us, your broker or adviser;
- Do not assume that we will contact anyone else for the information we are asking you for;
- Review each answer you have provided on your insurance application carefully and make any corrections (if necessary) before submitting it to us. You are responsible for the answers that you provide us, even if you have had help in preparing your application, for example from your broker, intermediary, advisor or someone else.

Before your insurance cover starts, please tell us of any changes that may be required to the answers you have given to our questions. This may save time as any changes may require further investigation or assessment of the risk.

If, after your insurance cover starts, you think you may not have complied with your duty, please contact us, your broker or advisor immediately and we will let you know whether it has any impact on your cover.

We may contact you after you have submitted your application to clarify or collect any information that you may not have included. The information you provide may be recorded and used by us in assessing your application. Your duty to take reasonable care not to make a misrepresentation applies to all types of communication with us, including written, electronic, online, when speaking with us in person or on the telephone, or a mix of these.

### If you do not comply with your duty

If you do not take reasonable care not to make a misrepresentation, it may have serious consequences for your insurance. If you have failed to comply with your duty, we have certain rights, which may depend on what your insurance offer may have been had you not made a misrepresentation, and whether or not the misrepresentation was fraudulent.

We have different actions available to us, for example, we may do one of the following:

- Avoid your insurance cover. This means that your insurance contract and cover will be treated as if it never existed;
- Change the amount of cover, for example the level of cover may be reduced;
- Change the terms of your insurance contract, for example certain events may be excluded from being covered.

This may mean an insurance claim may not be paid, or the amount or benefit paid may be reduced, or premiums increased.

If we suspect that you may have breached your duty to take reasonable care not to make a misrepresentation, before we exercise any of the actions available to us, we will:

- Explain our reasons why we believe you have breached your duty; and
- Provide you with an opportunity to respond and provide us with further information.
- If we decide to make changes to your cover, we will notify you of our decision and provide you with the review process and complaints procedure to follow if you disagree with our decision.

### If you need help

It is very important that you understand this information, the questions that we ask you and your duty. If you are having difficulty for any reason, such as a disability, English language, or require further support such as a support person you trust, please contact us so that we may tell you how we may assist in providing additional support. If you have any questions, please contact us, your broker or advisor.

## Our Agreement

Our agreement with **you** is set out in the **policy** wording, the **schedule** and any **endorsement(s)** issued by **us**. These documents should be read together.

The headings of clauses in the **policy** are for reference purposes only. They do not form part of the **policy**.

Please read the **policy** so that **you** are fully aware of the cover provided as well as the conditions, **limits** and exclusions that apply.

**You** should keep the documents **we** issue in a safe place.

## Receiving your policy documents

**We** will only enter into a **policy** with **you** if **you** agree to receive **your policy** documents and related communications electronically.

Emergence will send **your policy** documents to the email address nominated by **you** or **your** agent. Each electronic communication will be deemed to be received by **you** 24 hours after it leaves Emergence's information system.

**You** are responsible for ensuring that the email address that Emergence has for **you** is up to date. Please contact Emergence to change **your** email address.

## How this policy works

**Your policy** is made up of several sections.

### Who is insured

The **policyholder** and the **policyholder's** family members ordinarily residing together at the **home address** stated in the **schedule** are insured. The **policyholder** represents the family members and anything the **policyholder** says, does or omits to advise to **us** of, applies to and affects the rights of all insured family members.

### What does your policy cover?

**Your policy** provides **you** with the following covers:

- Cyber Event Cover
- Cyber Bullying Cover
- Cyberstalking Cover
- Identity Theft Cover
- Personal Crime Cover
- Reputation Cover
- Wage Replacement Benefit

A **cyber event**, **identity theft**, **cyber theft**, **sim-jacking** or **cryptojacking** must first be discovered by **you** during the **policy period**.

**Cyber bullying**, **cyberstalking**, **cyber harassment** or a **harmful publication** must first happen during the **policy period**.

Please refer to the **policy** for an explanation of each of these covers.

Different amounts or benefits are payable under each cover. The maximum amounts payable under each cover are set out in the **schedule** unless set out in the **policy**. **You** should read each cover carefully so **you** understand what is payable under each cover.

### Limits

There is a **limit** or sublimit for the amount **we** pay under each cover. There is an **aggregate limit** payable by **us** in any one **policy period**. The **limit**, sublimit and **aggregate limit** are stated on **your schedule**. Some benefits, costs or covers may be subject to a sublimit per claim and/or a maximum amount payable for all claims. Read the **policy** in its entirety to understand the applicable mechanics.

### Excess

The **excess** is the amount **you** must contribute towards the cost of any claim **you** make.

The **excess** payable is set out in the **schedule**.

### Words with special meaning

Some words and expressions used in the **policy** have special meanings. These words are always in bold. The meaning of words and expressions in bold are explained under the heading "what certain words mean".

### Exclusions

Under the heading "Exclusions" **we** set out what is not covered under the **policy**. Please read the exclusions carefully.

### Claims Conditions

Explains what **you** must do if **you** discover a **cyber event** or believe **you** have a claim under this **policy**.

### General Conditions

These are conditions **you** must comply with under the **policy**.

For example, **you** must take reasonable steps to prevent and mitigate costs covered under this **policy**. These include, but are not limited to:

- changing the password on any **home IT** from a default or original password; and
- activating and maintaining a virus-protection software package which is licensed to **you** or paid for by **you**.

Failure to comply with the General Conditions may entitle **us** to deny or reduce **your** claim. Please familiarise yourself with these conditions so **you** are aware of **your** responsibilities and how the **policy** works.

## The cost of your policy

The amount that **we** charge **you** for this **policy** when **you** first acquire it and when **you** renew **your policy** is called the **premium**. The **premium** is the total that **we** calculate when considering the factors which make up the risk.

Depending on the frequency and cost of claims the **premium** on renewal of the **policy** may be different to the **premium** for this **policy**.

The **premium** is subject to government taxes, levies and duties such as GST and Stamp Duty. Emergence may also charge a policy fee in addition to the **premium**.

The total cost of **your policy** is shown on the **schedule** and is made up of **your premium** plus government taxes, levies and duties (where applicable) and a policy fee (if applicable).

## Renewal procedure

Before this **policy** expires, **we** will advise **you** whether **we** intend to offer **you** a renewal and if so, on what terms. The **policy** will also apply for any offer of renewal **we** make, unless **we** tell **you** otherwise or issue **you** with a new and updated **policy**. It is important to check the terms of any renewal before renewing it to ensure that the details are correct.

If the renewal is automatic, **we** will debit **your** credit card 7 days before the renewal date.

## Your 'cooling off' rights

**You** can return **your policy** to **us** within 14 days of its commencement or renewal, which is stated on the **schedule**. If **we** receive **your** request to cancel this **policy** within the 14 day period, **we** will cancel the **policy** effective from the commencement or renewal date and give **you** a full refund. **You** cannot use this right where, before the 14 day period ends, **you** have exercised any of **your** rights or powers under the **policy** (e.g. **you** have made a claim).

After the cooling off period ends **you** still have cancellation rights under the **policy** (see **our** General Conditions).
