

# cyber event protection

**Use this proposal form if any of the following apply:**

- Your estimated revenue is >\$25m, or
- You've requested a policy limit >\$5m, or
- You've previously suffered a cyber loss, or
- You are in the IT, internet or telecommunications industry.

Completing this form requires technical knowledge of your IT. Consult with your IT manager or head of cyber security as necessary.

## GENERAL

New Zealand Business Number (NZBN):

Name of policyholder:

Is the policyholder a subsidiary, franchisee or part of a larger group?  Yes  No  
 If Yes, please provide details:

Business activities:

Do you perform work for the defence industry or Government?  Yes  No

Policyholder's principal address:

Website(s) or domain(s):

List all domains for 'smarter cyber' monitoring or confirm: Don't know / don't have a website, domain or business email:

Please provide the contact details of the person who is responsible for cyber security:  
 Note: This information will be used to provide critical security updates on a needs basis and will not be used for marketing purposes.

Name	Title
Email	Mobile

Total number of employees:

## FINANCIALS

Estimated revenue for the coming 12 month period by territory:		Are you located in the territory?
Australia/NZ	\$ <input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No
EU/UK	\$ <input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No
USA	\$ <input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Rest of world	\$ <input type="text"/>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Total</b>	<b>\$</b> <input type="text"/>	

What percentage of total revenue is from online or e-commerce activities?  %

## cyber event protection

## DATA PROTECTION

1. Do you collect, process, hold or store data on behalf of any 3rd party?  Yes  No

2. Please state the total number of Personally Identifiable Information (PII) and other sensitive records you collect, process, hold or store in your business, including on behalf of others.

Note: All categories of PII relating to the same individual (whether active or inactive) should only count as a single unique record.

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> 0 – 25,000            | <input type="checkbox"/> 25,001 – 50,000       | <input type="checkbox"/> 50,001 – 75,000       |
| <input type="checkbox"/> 75,001 – 100,000      | <input type="checkbox"/> 100,001 – 200,000     | <input type="checkbox"/> 200,001 – 300,000     |
| <input type="checkbox"/> 300,001 – 400,000     | <input type="checkbox"/> 400,001 – 500,000     | <input type="checkbox"/> 500,001 – 750,000     |
| <input type="checkbox"/> 750,001 – 1,000,000   | <input type="checkbox"/> 1,000,001 – 1,500,000 | <input type="checkbox"/> 1,500,001 – 2,000,000 |
| <input type="checkbox"/> 2,000,001 – 2,500,000 | <input type="checkbox"/> 2,500,001 – 5,000,000 | <input type="checkbox"/> >5,000,000            |

If >5,000,000 please provide the total number

3. Please select the type of records collected, processed, held or stored: (tick all that apply)

- |   |  |
|---|--|
| Customer information (e.g., name, address, email address, phone number etc)   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Payment card information  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Identity information (e.g., drivers licence, IRD number, passport number etc) | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Banking or financial information  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Medical or healthcare information   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Biometric data  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Trade secrets or intellectual property  | <input type="checkbox"/> Yes <input type="checkbox"/> No |

4. Do you protect all personally identifiable information and other sensitive data through encryption while: (tick all that apply)

- |                            |  |
|----------------------------|--|
| At rest                    | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| In transit                 | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Backed up                  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Stored on portable devices | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Stored with 3rd parties    | <input type="checkbox"/> Yes <input type="checkbox"/> No |

5. Do you have the following policies in place? (tick all that apply)

- Privacy policy    Cookies policy    Data retention and data destruction policy  
 Bring your own device policy that ensures data on portable devices is encrypted

## GOVERNANCE

6. How frequently do you provide security awareness training to your employees?

- Annually    Quarterly    Monthly    Not provided

7. How frequently do you test employees' security awareness through simulated phishing campaigns?

- Annually    Quarterly    Monthly    Not provided

## ASSET SECURITY

8. Do you maintain an inventory of all your hardware and software?

- |          |  |
|----------|--|
| Hardware | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Software | <input type="checkbox"/> Yes <input type="checkbox"/> No |

**ASSET SECURITY (CONTINUED)**

9. Have you implemented secure configurations to all hardware and software assets?  Yes  No
- If Yes, please indicate which of the following have been implemented: (tick all that apply)
- Changing and/or disabling default accounts and passwords  Yes  No
  - Disabling or removing unneeded services, components or features  Yes  No
  - Implementing vendor specific security recommendations  Yes  No
  - Enforcing encryption of local storage devices  Yes  No
  - Enable appropriate backups  Yes  No
  - Configure logging of system logons, activity, warnings and errors  Yes  No
  - Sending all logs to a centralised logging server  Yes  No
  - Assets are onboarded onto EDR and/or SIEM platforms  Yes  No

10. Have you deployed an Endpoint Detection and Response (EDR) tool that covers 100% of:

**Servers?**

- Yes, EDR covers 100%  EDR covers less than 90%
- Yes, EDR covers 90% or more  No, we have not deployed an EDR tool

**Endpoints?**

- Yes, EDR covers 100%  EDR covers less than 90%
- Yes, EDR covers 90% or more  No, we have not deployed an EDR tool

Indicate if AI/automated rules-based enforcement has been enabled:  Yes  No

If EDR has not been deployed or covers less than 90%, indicate what compensatory measures you've implemented: (tick all that apply)

- Application whitelisting  Yes  No
- Endpoint Protection Platform (EPP)  Yes  No
- Next Generation Firewall (NGFW)  Yes  No
- Intrusion Detection/Prevention System (IDS/IPS)  Yes  No
- Content control software (web/URL filtering)  Yes  No
- Other:  Yes  No

11. Have you implemented a critical security patch management process for your IT systems?  Yes  No
- If Yes, how do you handle security patches?
- Manual updates, implemented within 30 days
  - Manual updates, implemented within 90 days
  - Manual updates, no time frame for implementation
  - Devices are set to update software automatically (where available)

**EMAIL SECURITY**

12. Do you use an email filtration and scanning tool to authenticate emails and flag and quarantine suspicious content (e.g., executable files)?  Yes  No

cyber event protection

**IDENTITY AND ACCESS MANAGEMENT**

13. Is Multi-Factor Authentication (MFA\*) required for all users to access the following systems/platforms/services?
- All remote access to the network?  Yes  No
  - Web-based email?  Yes  No
  - Admin/privilege service accounts?  Yes  No
  - Cloud resources, including back ups?  Yes  No

\*Note: To qualify as multi-factor authentication, the authentication mechanism needs to be knowledge (something the user and only the user knows) and possession (something the user and only the user has). That way the compromise of any single device will only compromise a single authentication factor.

**ASSESSMENTS**

14. In the last 12 months have you had any of the following conducted on your business/systems? (tick all that apply)
- Penetration test  Yes  No
  - Vulnerability scan  Yes  No
  - Payment Card Industry (PCI) assessment  Yes  No
  - External IT audit  Yes  No

**END OF LIFE TECHNOLOGY**

15. Do you rely on any operating system, software or hardware that is no longer supported or is considered end of life by the manufacturer?  Yes  No
- If Yes, please answer the following questions:
- Is any end of life technology internet facing?  Yes  No
  - Is it segregated from the rest of the network?  Yes  No
  - Has additional support been purchased where available?  Yes  No
- Please outline any additional security measures that have been implemented to prevent exploitation of any vulnerabilities:

**RESILIENCY AND RECOVERY**

16. How frequently do you take regular backups of critical data and systems?  
 Daily  Weekly  Monthly  Greater than monthly
- 
17. Do you keep a copy of critical backups offline, segregated from and inaccessible to your network?  Yes  No
- 
18. Is your backup environment: (tick all that apply)
- In the cloud  Yes  No
  - On premises  Yes  No
  - At a secondary, offsite data centre  Yes  No
  - Encrypted  Yes  No
  - MFA protected  Yes  No
  - Using immutable technology  Yes  No
- 
19. How frequently do you test system restoration capabilities by performing a full restoration from a sample set of backup data?  Annually  Quarterly  Monthly  Not tested
- 
20. Please confirm which of the following formal plans you have in place (which addresses cyber incidents) and whether tested at least annually:
- |                                | <b>In place?</b>   | <b>Tested annually?</b>                                  |
|--------------------------------|--|--|
| Disaster Recovery Plan (DRP)   | <input type="checkbox"/> Yes <input type="checkbox"/> No | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Business Continuity Plan (BCP) | <input type="checkbox"/> Yes <input type="checkbox"/> No | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| Incident Response Plan (IRP)   | <input type="checkbox"/> Yes <input type="checkbox"/> No | <input type="checkbox"/> Yes <input type="checkbox"/> No |
- 
- Does your IRP specifically address ransomware scenarios?  Yes  No

cyber event protection

**PRIOR CLAIMS AND CIRCUMSTANCES**

21. After enquiry, within the past 5 years, are you aware of any losses, claims, circumstances, cyber events, privacy breaches, regulatory investigations, crime or social engineering incidents which have impacted, or could adversely impact your business or give rise to a claim under a cyber policy?  Yes  No

1. Total impact, including all business interruption, remediation costs and other loss? \$

Date of loss:  /  /

Please indicate the nature of the loss by ticking the appropriate box:

- Crime  Data breach  Denial of service
- Email compromise  Hacking, malware  Multimedia injury
- Ransomware  Social engineering
- Other please describe:

What remediation steps and controls were implemented after the loss? (Attach report if available)

2. Total impact, including all business interruption, remediation costs and other loss? \$

Date of loss:  /  /

Please indicate the nature of the loss by ticking the appropriate box:

- Crime  Data breach  Denial of service
- Email compromise  Hacking, malware  Multimedia injury
- Ransomware  Social engineering
- Other please describe:

What remediation steps and controls were implemented after the loss? (Attach report if available)

22. Have you had any unforeseen down time to your website or IT network of more than 8 hours?  Yes  No

If Yes, provide details including duration, how resolved and any cost to you:

**OPTIONAL COVER –  
NON-IT CONTINGENT BUSINESS INTERRUPTION AND SYSTEM FAILURE**

23. Do you want Optional Cover for Non-IT Contingent Business Interruption and System Failure?  Yes  No

24. Tell us about your critical components, service providers and supplies.

- All critical components, services and supplies are readily available from multiple sources
- Substitutes can be available within 10 days
- Longer than 10 days for substitutes to be available
- Don't know
- Substituting components, services or supplies is not possible

cyber event protection

**OPTIONAL COVER – CRIMINAL FINANCIAL LOSS**

25. Do you want Optional Cover for Criminal Financial Loss?  Yes  No

Includes cyber theft, telephone phreaking, identity-based theft, push payment theft and cryptojacking. Does not include socially engineered theft unless selected below.

26. Aggregate limit for Criminal Financial Loss

\$10,000  \$25,000  \$50,000  \$75,000  \$100,000  \$150,000  \$250,000  Other \$

27. Excess applicable to Criminal Financial Loss only

\$0  \$2,500  \$5,000  \$10,000  \$15,000  \$25,000  \$50,000  \$75,000  \$100,000  
 Other \$

28. Do you want to include cover for socially engineered theft?  Yes  No

29. Sublimit for socially engineered theft

The sublimit for socially engineered theft is included within and cannot be greater than the aggregate limit for criminal financial loss. The excess for criminal financial loss applies to socially engineered theft as well.

\$5,000  \$10,000  \$15,000  \$20,000  \$30,000  \$50,000  
 \$75,000  \$100,000  \$125,000  \$150,000  \$200,000  \$250,000

30. Are all new payees, and changes to existing payees' banking details, double authenticated with the payee?  Yes  No

31. Do transfers > \$10,000 require dual signature or supervisor / manager sign off?  Yes  No

32. After enquiry, have you within the past 5 years suffered a crime, fidelity or computer crime loss?  Yes  No  
 If Yes, please provide details:

**OPTIONAL COVER – D&O LIABILITY**

33. Do you want Optional Cover for Directors & Officers Liability?  Yes  No

D&O Liability is only available for unlisted companies.

34. Aggregate sublimit for D&O Liability  \$250,000  \$500,000  \$1,000,000

The sublimit for D&O Liability is included within and cannot be greater than the policy aggregate limit.

35. Are you listed on any stock exchange, or are you planning an initial public offering or any subsequent offering during the coming 12 months?  Yes  No

36. Have you within the past 5 years had D&O or Management Liability (ML) insurance declined or cancelled, or are you aware, after enquiry, of any D&O or ML loss, claim, or circumstance which has or could impact you or your business or give rise to a D&O or ML claim?  Yes  No

If Yes, please provide details:

cyber event protection

**OPTIONAL COVER – TANGIBLE PROPERTY**

37. Do you want Optional Cover for Tangible Property?  Yes  No  
 The Tangible Property sublimit forms part of and is not in addition to the limit for Section C – Cyber Event Response Costs.

**OPTIONAL COVER – JOINT VENTURE AND CONSORTIUM COVER**

38. Do you want Optional Cover for your liability from joint ventures or consortia?  Yes  No  
 If Yes, provide the name(s) of the joint venture or consortium:

Note: You must also include your share of revenue from the JV or consortium for the coming 12 months in your estimated total revenue.

**TRADING NAMES, SUBSIDIARIES AND AFFILIATES**

39. If you wish to list trading names, please list them individually in the boxes provided below.

40. If you wish to list subsidiaries, please list them individually in the boxes provided below.

Note: Subsidiaries of the policyholder are automatically covered and do not require scheduling. Listing an entity here does not extend cover or affect cover in any way. This list is for your convenience only.

41. Do you require cover for affiliated companies?  Yes  No

If Yes, please list the affiliates and revenue below and tell us how you are affiliated and about the IT.

Note: Listing an entity here means you are submitting it to Emergence for consideration. Cover will only apply to those entities accepted by Emergence and scheduled on the policy. You must provide revenue estimates for each entity and include revenue from all affiliates for the coming 12 months in your total estimated revenue.

**Affiliate 1:**  Revenue \$

Nature of affiliation:  Authorised rep  Family business  Franchisee  Shared directorships

Other:

Is this affiliate's IT fully separate and independent?  Yes  No

If not, please describe any shared IT:

**Affiliate 2:**  Revenue \$

Nature of affiliation:  Authorised rep  Family business  Franchisee  Shared directorships

Other:

Is this affiliate's IT fully separate and independent?  Yes  No

If not, please describe any shared IT:

You can include here other information or facts you would like to bring to the underwriter's attention:

cyber event protection

PLEASE SPECIFY YOUR PREFERRED EXCESS, INDEMNITY PERIOD AND AGGREGATE LIMIT

Excess

\$0  \$2,500  \$5,000  \$10,000  \$15,000  \$25,000  \$50,000  Other \$

Section A indemnity period

30 days  60 days  90 days  180 days  365 days

Policy aggregate limit

\$250,000  \$500,000  \$1,000,000  \$2,000,000  \$3,000,000  \$4,000,000  
 \$5,000,000  \$10,000,000  Other \$

DECLARATION

I/we acknowledge that:

1. I/we have read and understood the important information provided on the last page of this document in the important information section.
2. I/we are authorised by all those seeking insurance to make this proposal, and declare all information on this proposal and any attachment is true and correct.
3. I/we authorise the underwriter to give to, or obtain from, other insurers or any credit reference service, any information relating to insurance held by me/us or any claim in relation thereto.
4. I/we acknowledge that, where answers are provided in the proposal are not in my/our handwriting, I/we have checked and certify that the answers are true and correct.

Policyholder's signature:

Date:

 /  /

## GLOSSARY

**Admin/privilege service accounts**

Admin/privileged accounts refer to user accounts that have elevated privileges.

Admin accounts can manage and maintain a system or network.

Privileged accounts are used for automated processes or by applications that require elevated privileges to perform a task.

**AI/automated rules-based enforcement**

AI/automated rules-based enforcement is a mechanism designed to enforce predefined rules within security systems. An automated rules-based system is actively monitoring and enforcing certain rules or conditions to respond to a security threat.

**Application whitelisting**

Application whitelisting allows only authorised and approved applications to run on a system or network.

**Content control software**

Content-control software, commonly referred to as an Internet filter, is software that restricts or controls the content a user is able to access and/or download via the Internet.

**Domain**

A domain name (often called a domain) is an easy-to-remember name that's associated with a physical IP address on the Internet. It's the unique name that appears after the @ symbol in email addresses, and after www. in web addresses. Examples of domain names include google.com and wikipedia.org.

**E-commerce activities**

E-commerce involves the sale of goods and services over the internet. For example, online retail stores, digital products (e-books, music) and online marketplaces (eBay, Amazon etc).

**Encryption**

Encryption is the process of converting information or data into code to prevent unauthorised use.

Encryption at rest refers to encrypting data when it is stored on a device or storage system.

Encryption in transit refers to encrypting data as it travels across a network or between systems.

**End of Life technology (EOL)**

EOL refers to a stage in the life cycle of a technology product where it is no longer developed, maintained or supported by the manufacturer.

**Endpoint Detection and Response (EDR)**

EDR technology focuses on the detection, investigation, and mitigation of suspicious activities on endpoints including computers, servers and other devices within a network. EDR can identify anomalies and identify potential security threats.

**Endpoint Protection Platform (EPP)**

EPP is designed to defend endpoints such as laptops, servers and other devices connected to a network from various forms of malicious activities including malware, ransomware, and other cyber threats.

**Intrusion Detection Systems (IDS) and Intrusion Prevention System (IPS)**

IDS and IPS are technologies designed to detect and respond to malicious activities or security incidents within a computer network. IDS is used to monitor a network or system and identify patterns or behaviours that may indicate unauthorised access. IPS goes a step further than IDS by automatically blocking detected threats.

**Immutable technology**

Immutable technology is a type of technology or system where data or code cannot be altered or modified once it is created or deployed.

**Multi-Factor Authentication (MFA)**

MFA is a mechanism that requires individuals to provide more than one form of identification to access an account or system. The additional forms of identification can include one-time codes or biometrics.

**Next Generation Firewall (NGFW)**

NGFW combines traditional firewall capabilities with advanced functionalities such as application awareness, intrusion prevention, user identity awareness and advanced threat detection.

**Payment Card Industry (PCI) assessment**

PCI assessment is a process designed to evaluate a companies handling of credit card transactions to ensure a company complies with the PCI security standards.

**Security Information and Event Management (SIEM)**

A SIEM system provides real time analysis of logs that are gathered from various sources such as servers and security applications. A SIEM system will analyse the logs and identify potential security incidents.

**Security patch management process**

A security patch management process involves applying patches or updates to software and systems at regular intervals to address vulnerabilities and protect against security threats.

It is important that you read and understand the following.

### Claims made notice

Section B – Loss to Others of this policy is issued on a 'claims made and notified' basis. This means that Section B – loss to others responds to:

- a. claims first made against you during the policy period and notified to us during the policy period, provided that you were not aware at any time prior to the commencement of the policy of circumstances which would have put a reasonable person in your position on notice that a claim may be made against him/her; and:
- b. facts that you may decide to notify are those which might give rise to a claim against you even if a claim has not yet been made against you. Such notification must be given as soon as reasonably practicable after you become aware of the facts and prior to the expiry of the policy period. If you give written notification of facts the policy will respond even though a claim arising from those facts is not made against you until after the policy has expired. When the policy period expires, no new notification of facts can be made to us on the expired policy for a cyber event first discovered or identified by you during the policy period.

### Your duty of disclosure

When you apply for insurance you have a legal duty of disclosure. This means you or anyone applying on your behalf must tell us everything you know (or could be reasonably expected to know) that might affect our decision when deciding:

- a. to accept your insurance, and/or
- b. the cost or terms of the insurance, including the excess.
- c. In particular, you should tell us anything which may increase the chance of a claim under this policy, or the amount of a claim under this policy.

You also have this duty every time your insurance renews and when you make any changes to it. If you or anyone on your behalf breaches this duty of disclosure, we may treat this policy as being of no effect and to have never existed.

Please ask us if you are not sure whether you need to tell us about something.

### About Emergence NZ Limited

Emergence NZ Limited (NZBN: 9429051153861, FSP: 1005174) ('Emergence') acts under a binding authority given to it by the insurer to administer and issue policies, alterations and renewals. In all aspects of arranging this policy, Emergence acts as an agent for the insurer and not for you.

Contact details are:

**Email:** [info@emergenceins.co.nz](mailto:info@emergenceins.co.nz)

**Telephone:** 0800 129 237 (0800 1 CYBER)

**Postal address:** Level 11, Shortland Centre,  
55 Shortland Street, Auckland 1010
