About Our Services

Emergence provides a range of services to **our policyholders** when they purchase a **policy** from **us**. These services are either at no cost to the **policyholder** or offered at a discounted rate and are optional to the **policyholder** to use or take up.

When the **policy** is issued by Emergence it will be accompanied by a letter which sets out all the services and how **you** can access the services. The services include ongoing scanning of **your** internet-facing infrastructure to determine vulnerabilities and dark web scanning to determine if **your** data is vulnerable.

All of the services are designed to enhance **your** cyber security while **you** remain a **policyholder** with Emergence.

We will also provide advice to **you** after a claim on how best to secure **your computer systems.**

Our Incident Response Service

If there is, or **you** reasonably suspect there is, a **cyber event** happening to **your business**, which is first discovered by **your senior management team** and notified to **us** during the **policy period**, then **we** will provide an Emergence incident responder to investigate and manage the **cyber event**. Incident response provided solely by an Emergence incident responder does not form part of **cyber event response costs**, does not erode the **aggregate** and no **excess** applies to the incident response service.

See: How to Notify **Us** if a **Cyber Event** happens, below.

HOW TO NOTIFY US IF A CYBER EVENT HAPPENS OR A CLAIM IS MADE AGAINST YOU

1. **You** must immediately ring the Emergence cyber event reporting line on 1300 799 562 or notify Emergence in writing at **claims@emergenceinsurance.com.au** and provide details and circumstances of the event, including any **claims**, demands or notices received by **you** or proceedings against **you**.
2. **You** must report **telephone phreaking** or **cryptojacking** to, respectively, the Australian Cyber Security Centre, **your** financial institution, and **your** telephone service provider or utility provider, within 24 hours of it first being discovered by **your senior management team**.
3. **We** will assess whether cover applies under **your policy**.
4. **You** must do everything reasonably possible to preserve evidence to enable **us** to properly assess and investigate the claim.
5. If the claim is not covered under **your policy**, **we** will advise **you** to engage **your** own service resources.

This is a quick reference provided for **your** convenience. Please refer to Section H of the **policy** for a full listing of Claims Conditions.

Claims Made Notice

Section B – Cyber & Privacy Liability and Section E – Optional Cover – multimedia liability of this **policy** are issued on a 'claims made and notified' basis. This means that Section B – Cyber & Privacy Liability and Section E – Optional Cover – multimedia liability respond to:

a. **Claims** or **multimedia claims** first made against **you** during the **policy period** and notified to **us** during the **policy period**, provided **you** were not aware at any time prior to the commencement of the **policy** of circumstances which would have put a reasonable person in **your** position on notice that a **claim** or **multimedia claim** may be made against **you**; and

b. written notifications of facts pursuant to Section 40(3) of the Insurance Contracts Act 1984 (Cth). Effectively, the facts that **you** may decide to notify are those which might give rise to a **claim** or **multimedia claim** against **you** even if a **claim** or **multimedia claim** has not yet been made against **you**. If **you** decide to notify any such facts, such notification must be given as soon as reasonably practicable after **you** become aware of the facts and prior to the expiry of the **policy period**. If **you** give written notification of facts, the **policy** will respond to any **claim** or **multimedia claim** against **you** arising from those facts, even if the **claim** or **multimedia claim** is not made against **you** until after the **policy** has expired. When the **policy period** expires, no new notification of facts can be made to **us** under the expired **policy** for a **cyber event** or **multimedia injury** first discovered or identified by **you** during the **policy period**.

Your Duty of Disclosure

Before **you** enter into an insurance contract, **you** have a duty to tell **us** anything that **you** know, or could reasonably be expected to know, that may affect **our** decision to insure **you** and on what terms.

You have this duty until **we** agree to insure **you**.

You have the same duty before **you** renew, replace, extend, vary, continue under a similar insurance or reinstate an insurance contract.

You do not need to tell **us** anything that:

- reduces the risk **we** insure **you** for; or
- is common knowledge; or
- **we** know or should know as an insurer; or
- **we** waive **your** duty to tell **us** about.

If you do not tell us something

If **you** do not tell **us** anything **you** are required to, **we** may cancel **your policy** or reduce the amount **we** will pay **you** if **you** make a **claim**, or both.

If **your** failure to tell **us** is fraudulent, **we** may refuse to pay a **claim** and treat the **policy** as if it never existed.

Headings

The headings of clauses in the **policy** are for reference purposes only. They do not form part of the **policy**.
